00:23:46 Ashnee Young: I second all of the insights just shared.
00:23:48 Stan: Stan Page GCYC
00:24:44 Ashnee Young: Can the question change to identify how we feel we should move forward with addressing strategic planning?
00:24:52 Ashnee Young: For the purposes of this conversation?
00:25:38 Misty Bowers, GCYC & Catholic Charities: Agreed Ashnee
00:26:16 Stan: definitely
00:26:52 Essence Wilson: Back to Shelly's point about measurable goals. The 2018 committee met and completed the plan as mandated. As a follow up, there planning committee was supposed to become an Implementation committee that would create measurable goals annually and monitor the plan. The Implementation Committee never met.
00:27:05 Essence Wilson: After the plan was completed.
00:27:31 Ashnee Young: Thank you for this insight, Essence.
00:31:31 Stan: perfect we will be there
00:32:47 Angela Hood-Beaugard: Angela HoodBeaugard - FGLN
00:34:13 Ashnee Young: I would find that helpful.
00:35:35 Jim Hudgens: I would recommend we secure some planning dollars to

have a planning specialist drive this

00:35:45 Essence Wilson: The committee was under a serious time crunch to complete the document and could not scrap the entire plan. We elected to update the 2004 plan because there was not time or funding to start fresh. The one component we did do was a CoC survey to try to incorporate some community feedback. We should not do the same thing again.

00:36:37 Jamie Gaskin: I have a basic question - Do we have resources to hire a group to facilitate the development of the plan. With traditional strategic planning there is normally a budget, a consultant or internal facilitator that would take some kind of already developed framework. This is my general recommendation. We would use the framework to do focus groups for specific areas and to represent targeted populations. Just a recommendation around creating a process.

00:40:27 Jamie Gaskin: I am unable to stay on as I have to drop off for a 2:30 meeting. Jamie-Lee will continue to stay on for UW :)

00:42:45 Debra Hayes: Tracey please respond the question from Jamie UW

00:42:59 Ashnee Young: Got it, thank you!

00:46:35 Essence Wilson: The RFP process should be process and the committee should be involved in the selection process. Committee should probably be formed first.

00:47:20 Essence Wilson: Sorry - The RFP process should be transparent and the committee should be involved in the selection. Committee should probably be formed first.

00:47:53 Jamie-Lee Venable: YES Lori!

00:48:00 Ashnee Young: I agree with the points posed by Essence & Angie

00:48:30 David Tweedie (OrgCode): Amen. A CoC's governance committee should be heavily involved, if not driving the work, of the community's strategic plan.

00:49:36 Jamie-Lee Venable: yes David agreed

00:49:38 Ashnee Young: I think that's great insight, Lori.

00:50:02 ahb: Much like what is happening with the charter work and development

00:53:15 ahb: We love you Kevin!

00:53:55 ahb: Lol we accept your apology.

00:55:35 Debra Hayes: Is this document needed for the current NOFO?

00:55:55 Allie Herkenroder (she/her): Perhaps we could add documents like this to the new CoC website so that all agencies have a "read only" way to see the important documents for a cohesive strategy within their own agencies?

00:57:46 William Doub: I agree that such documents as the Strategic Plan should be posted on the CoC website and feedback requested.

00:58:53 Jamie-Lee Venable: This needs to start at Governance and go from there

01:00:36 William Doub: Way to go, Kevin!

01:00:48 Ashnee Young: Nope, make it clear!

01:02:33 Shearese Stapleton: Thank you Kevin.

01:02:50 Ashnee Young: That context was helpful.

01:03:07 David Tweedie (OrgCode): The challenge is that when this strategic planning committee hasn't met since 2018, someone -- and it sounds like either the CoC Governance committee or the CoC lead agency -- would need to restaff the committee leads to revisit, relaunch and revisit this important work.

01:04:30 Chad Adams: Have to go to another meeting, thanks everyone!

01:05:39 ahb: That document was the national practices of lead agencies and roles held within the COC.

01:07:36 ahb: Agreed Jamie-Lee

01:07:44 Lori Kunkel: agreed with Jamie Lee

01:08:04 cherylgolidy: Thank you for inviting me. I'm learning about works of the COC and I hope to be of service to you in the near future. I have to go now. So keep the faith and doing the work that you do for our community.

01:08:46 ahb: For the record. We can support the RFP and process. I am not interested in the responsibilities of others being dumped onto the Governance Council.

01:10:05 Jim Perlaki: Thank you for the conversation. I have to leave for a medical appointment. I look forward to future planning.

01:13:48 Essence Wilson: I seriously thank you all for your engagement and commitment to this work. I hope that you aren't dismayed and remain engaged. We will get through this.

01:16:36 Mbush: agree essessce

01:17:05 Mbush: Essence

01:19:57 Essence Wilson: Thanks for the passion, Ashnee.

01:20:28 Shearese Stapleton: Thank you Ashnee. ...
