Behavioral Health Urgent Care Update: Matthew Owens—Genesee Health Systems

The GHS Behavioral Health Urgent Care's goal is to provide the Genesee County community with in-person and video-chat based support 24/7/365. With this service, we hope to assist the community with getting connected to care for the support they need to prevent unnecessary trips to the Emergency room, decreased inpatient psychiatric admissions, and decreased incarcerations related to mental health concerns. GHS believes the BHUC fills significant gaps in the community safety net. Virtual services began September 1, 2020. Virtual service-based options are with a Licensed Mental Health Professional 24/7/365. The telehealth service is targeted towards those with COVID related distress, mild or moderate mental health symptoms, urgent behavioral and mental health needs, severe mental health symptoms, crisis intervention and preadmission screening when needed. On site services began October 4, 2021. On site services is on a walk-in basis from 8am-10:30pm and also held with a Licensed Mental Health Professional. These services are open to all individuals regardless of their insurance coverage. This includes Medicaid, Medicare, private insurance, and uninsured people at no cost. The in-person services are targeted towards those with urgent behavioral and mental health needs, crisis intervention and preadmission screening. The most common reasons people would access BHUC services are: mental health crisis, depression, suicidal thoughts, anxiety and/or panic attacks, substance use support, children and families with managing behaviors, covid-19 related distress, disturbing thoughts, and assistance with accessing community resources. A person in a crisis can call BHUC 24 hours a day, 7 days a week, 365 days a year at 810-496-5500. The address for walk-in services is 422 W. 4th Avenue in Flint.

NEW BUSINESS

PIT COUNT 2022: The PIT Count date is January 26, 2022 (the last Wednesday in January). The HUD and PATH Outreach teams will be conducting this years PIT count to minimize the risk of spreading the COVID-19 virus. Tracey Jackson stated that there is a national PIT count call scheduled for later today. Any pertinent information will be shared with the CoC.

CoC 2022 Considerations: A subcommittee calendar will be sent out this month. The focus for January and February will be HUD and ESG subrecipient monitorings. Subrecipient letters will go to CEOs and Executive Directors confirming their selected monitoring dates. A strategic plan will be started in the first quarter of 2022. This plan will include conversations about safe and affordable housing as well as landlord engagement. For the second quarter of 2022 we should begin work on creating a standardized operating procedures manual (emergency shelter, rapid re-housing, permanent supportive housing, coordinated entry, HIMS). Continuous Quality Improvement (CQI) will begin to focus on System Performance Measures (SPM). Where we are, where we need to be, and how we need to get there. It is imperative that we look at shelter expansion and sheltering options for different demographics in 2022.

OTHER BUSINESS

The Center of Hope Fenton: Please welcome the Center of Hope Fenton to the CoC. Bob and Jennifer Strygulec introduced themselves, shared their vision, and expressed their excitement to be connected to the Flint/Genesee County Continuum of Care. The vision of the Center of Hope Fenton is to love and serve our neighbors who are hungry, hurting, in need, or in a crisis. By glorifying God and demonstrating His love as the only true source of hope we know that real change is possible for those who are in desperate situations. What we do at the Center of Hope Fenton is provide a food pantry, we operate a baby closet, we have a pregnancy resource center, and we also offer a variety of classes that cover topics such as cooking, budgeting, parenting, gardening, crafting, menu planning, nutrition and exercise.

Adjournment: Essence adjourned meeting at 10:26 AM. Next meeting: **February 9, 2022, 9:00 AM** Location: **Teleconference**

- Questions
 - Zuzanna has client with 20+ year jail background and anxiety/PTSD background and was curious how to link him with community mental health services.
 - Bill suggested GHS or Genesee Community Health Center- Behavior Health Services. GHS has a new Behavioral Health Urgent Care Center and if client can be transported for crisis intervention that contact number is 810 257-3740 or (810) 496-5500.
 - If client has maxed out full jail-time, client may get discharged under mental health designation and GHS would be an agency referred to work with them.
 - It is important that SOAR practitioners do an engagement/deep dive of the 18-page SOAR Client Questionnaire with them (if client is comfortable) as this will help strengthen and build the client's case.
 - In response to these questions, Richard Powers provided guidance on where the updated forms are located on the PRAINCO SOARWorks. Social Security is aware of these changes and will work with us.
 - SOAR Cohort B Training has been announced. Registration ends January 31, 2022. If staff is unable to sign up for the cohort, they can proceed with taking the on-line class independently.

Alisha Pennington (MDHHS) provided this information:

- How to Request Medical Records from MDOC (michigan.gov)
 - Paroled/Discharged Prisoners:
In order to obtain a copy of a prisoner's medical file a written request must be submitted. The written request must include the former prisoner's name, address, prison number, signature and the medical records that are being requested. The Michigan Department of Corrections' (MDOC) Patient Authorization for Disclosure of Health Information (CHJ-121) authorization form should be used for this request. To receive a copy of the CHJ-121 authorization form please call 517-780-5936, 517-780-5929 or 517-

780-5673 . If the requestor is a guardian or power of attorney for the former prisoner, please include a copy of the relevant document(s) indicating such authorization.

Requests should be submitted to:

Duane Waters Health Center
Attention: Health Information Services
3857 Cooper St., Jackson, MI 49201
Health Information Fax: 517-780-5405
E-mailed to ElsassC1@michigan.gov

- Note
 - The importance of medical documentation especially for those who cannot stay at Warming Center must be documented in a medical or in an outreach/engagement record.
 - Getting medical records from MDOC or other providers that document clients' mental health issues.
- SOAR works training (provides 20 CEUs)
 - Training can be done individually or in a group cohort
 - There is a SOAR cheat-sheet in Module 12- Bill can send this if interested
